RE: April 8–9, 2014 – Green California Summit

The Green California Summit is a unique event, and offers attendees a unique opportunity to discover the innovations in policy, practice and technology that can keep them ahead of the curve, aware of the challenges and opportunities that lie ahead.

This is accomplished through concurrent education sessions, professional training, an Expo featuring green products and services, the Summit's annual Leadership Awards reception and keynote presentations.

This year's event will take place on April 8-9, 2014 from 8:00 am – 5:00 pm at the Sacramento Convention Center, located at 1400 J Street in Sacramento, CA.
